CITY ME 14, NUMBER 15.

WRANGELL, ALASKA, THURSDAY, APRIL 8, 1915

\$2.50 PER YEAR, 10c. PER COPY

## Election Day Very Quiet

Election day in Wrangell passed off very quietly last Tuesday, there being very little interest shown other than going to the polls to vote. Only one lady, Mrs. J. G. Grant, availed herself of the opportunity to have her say in the city affairs and cast her vote.

There were eight men running on the ticket, five of them from the old council. The following are the men on the ticket, the first seven being the new council. They received the highest vote in the order named.

J. G. Grant  
N. M. Tate  
L. C. Patenaude  
Arnt Sorset  
C. A. Emery.  
Chas. Bryant.  
Frank Spaulding,  
Ed. Lindman

For the school board two men were running. Mr. F. Matheson, to fill the unexpired term of L. P. Dawes as Clerk, and Mr. H. D. Campbell as Director.

A delayed Easter Service at St. Philips Church, Sunday Evening, April 11. The theme of the Sermon will be, "The Fact Of Easter" Holy Communion 10:30 A. M.

Basket Ball and Dance at the Rink Saturday.

## River Boat Being Remodled

The river boat Winifred of Capt Strong, is on the ways at Reade Boat Shop being thoroughly overhauled to be ready for the seasons work on the Stikine. When she is launched she will have double the power she had previously and is expected to make some good records this summer. Mr. Strong is looking for heavy travel on the river this year.

## Leo Didn't Go And Do It!

Leo McCormack, the popular wharfinger of the St. Michael dock is back on the job again. And to the sorrow of all his friends he comes back a bachelor despite all the prayer and stories to the contrary. Leo has spent the winter at his old home in Nova Scotia and says he has enjoyed every minute he has been away.

F. Matheson on his return from Juneau states that there is good indications of the passage of the \$5,000 appropriation for the Stikine trail.

The Rink. "The Million Dollar Mystery".

A good show at the Wrangell Photoshow tonight.

## Oscar Carlson Fire Chief

The Wrangell Fire Department held their regular monthly meeting at the city hall last Monday evening. After the regular business the matter of a chief for the coming year was brought up and the present Chief Carlson was elected and his name was ordered sent before the Council with the companies recommendation that he be appointed.

## Whan Wolf Bounty Goes Into Effect

Since the publication last week of the new Wolf Bounty Bill several inquiries have been made as to when the law goes into effect. The bill was signed by Governor Strong on March 31st and becomes a law ninety days later. or the law becomes effective June 1st, 1915.

## Box Factory Is Shut Down

The box department of the saw mill are off on a vacation for a week until the mill department gets ahead of them in box lumber. The box factory is cutting more this year than any previous season.

## Basket Ball Saturday Next

On or about the 24th of this month the Ladies Basket Ball team expects to go to Ketchikan and play the ladies of that city in a return game for the one played here in January. The ladies are in need of more finance to see them through on paying expenses for the trip. So next Saturday night there will be a game of basket ball between the first and second teams. We must say that the ladies have practiced long and hard, and are in a fit condition to give any team in Alaska a long hard game. The admission to the game will be the nominal sum of 25 cents, and there will be a dance after the which will cost the gentlemen 50 cents and ladies free. Now it behoves all good citizens to turn out and give the ladies the patronage they deserve. The line up of the first team will be, Center Mrs. Leonard; Forwards, Mrs. Hood, and Mrs. Reade; Guards, Mrs. Purinton and Eleanor Lynch. The second team will be announced later. Watch for the bills of the game and dance.

## Fire Company Gets Call

The fire department was called out to extinguish a small blaze in a shack back of the St. Michael Trading company store last Saturday, but willing hands had the blaze out before the boys got there. The damage was very small.

## Juneau Dream Man Visiting Here

J. A. Crandall the Dream Man from Juneau, is a visitor in our city for a day or two. The Million Dollar Mystery has got lost somewhere between here and he does not know where. So this trip to Wrangell to see what is the matter. After an interview with the Rink Management and the express office the trouble seems to lay with the steamboats, as the first episode left here one month ago. Mr. Crandall speaks very highly of Juneau and says that the expenditure of large sums of money by the big mining companies will surely make Juneau one of the largest mining cities in the world. Mr. Crandall will return to Juneau on the first boat.

## Where Did You Get It Sammy?

Sammy Bornstein the genial traveling man is in the city with his spring and summer line of hard goods. Sammy has a patch on one eye. Where did you get it Sam? Do not pull the old kindling stall Sam, better say Willard done it.

We have the goods, the Rink.

## Minstrel Show Looks Good

George Skelton is sure the busy man these days getting ready for the big Minstrel show that will be given for the Civic Club. From present appearances there is plenty of talent and George assures us that there will be no one overlooked that can make a noise like a noise like a Minstrel Man. Go to it George we are with you.

## Good Time At Wrangell Hotel

One of the best good time dances that has been pulled off in Wrangell for many moons, happened at the Wrangell Hotel last Saturday night, given by Mine Host Grant. There was several changes of musicians during the evening so everyone got their own style of music so it goes without saying that everyone had a good time.

## New Boat Is Due Tonight

According to a telegram received this afternoon by H. Dannenberg from Capt. Wm. Neill, he is due to arrive about midnight tonight with the new boat for the Vermont Marble Company. The trip up has been made in seven days.

## Returns From Juneau Election

Juneau, April 7—All the members of the old council were re-elected at the election Tuesday by an average plurality of two hundred over the Valentine ticket. John Reck received the highest vote of 636. Valentine is the highest man on his ticket with a vote of 450, which is 119 votes behind the lowest man on the old council. There were 50 Socialist votes cast.

The councilmen are  
John Reck  
John R. Willis  
George F. Miller  
William Geddes  
C. W. Fries  
William Britt  
F. Wolland  
Grover Cleveland Winn defeated former Senator Tripp by a vote of 200 for the school board.

## Working Full Time At Tokeen

Manager Peterson of the Vermont Marble Company, came in on the company boat Vermont Tuesday night. He reports everything in first class condition at Tokeen quarries where they are working large crew full time; also that the crew at the Red Bay quarries will be enlarged at once.

## Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the type is shifted—not the carriage.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. type-writing is free from blurs and every letter in the right place.

### Alaska A State?

Statehood for Alaska. Are we ready for it? That seems to be a question that is occupying many minds all over the Territory since Delegate Wichersham started the ball rolling in that direction in a statement made in Juneau last week.

Alaska is a great country, covering an area of 590,884 square miles, and with a population of only 39,000, or about one inhabitant to every 10 square miles of area. Is it proper to place on these people the extra tax of running a state or states? Or on the other hand by having statehood will it benefit the people to the extent of off-setting the larger tax? It is a problem for much study. But one thing is certain, Alaska needs the fullest form of Territorial government to more adequately make and enforce her laws, and that need is now.

By the looks of the Election last Tuesday, a suffragette club would have a hard time making it stick in Wrangell.

Clean up that rubbish pile.

### Notice To Creditors

In the United States Commissioner's Court, Wrangell Precinct, First Division, District of Alaska—In Probate.

In the matter of the Estate of Frederick Brockman, deceased.

Notice is hereby given that we, John McCallum and Louis Olsen, have been duly appointed executors of the above named Estate of Fred Brockman. All persons having claims against said Estate are notified to file the same within six months from the date of this notice with either of us or with the U. S. Commissioner at Wrangell, Alaska.

Dated at Wrangell, Alaska, this 29th day of March, 1915.

JOHN MCCALLUM,  
LOUIS OLSEN,  
Executors;

**Acid Injures Leather and Rubber.**  
Now that electric lighting and electric starting systems have come into general use on automobiles it is timely to discuss the destructive effect of acid from the storage battery to leather fabrics and rubber. The acid should not be splashed indiscriminately over the car parts. If it should drop on leather, rubber or fabric it should immediately be washed off with clean cold water. Ammonia will neutralize the acid and minimize the discoloring action of the solution if it gets on the clothes. Strong ammonia, however, is not advisable in removing acid stains from the car, inasmuch as it has a discoloring effect.

**The Hand Me Maid.**  
Fragments of conversation drifted in from the billiard room, where the husband and his friends were enjoying their cigars. "I called," said the husband happily, "and when it came to a showdown as to who was the winner, why, the other fellow simply didn't have a chance! And so I stretched out my hands and gathered in that which really gave me my start. I think that I did better that night than any man in our crowd has ever done. Ah, what a hand I held! I always recall that night with thrills of pleasure."  
The young wife slipped away, her face dyed with a deep pink. "The old dear is telling Mr. Blinker how he cut out Freddy Banker and made me say 'Yes,'" she whispered to herself. "Isn't he just perfect?"—Puck.

**When Dead Men Ate.**  
In the medical press is a story of a man who believed that he was dead and who for that reason refused to take nourishment. "How can the dead eat and drink?" he asked when food was pressed upon him. It was obvious that unless something were done to bring him to his senses the delusion must soon become actuality—he would die of starvation. The strangest ruse was tried. Half a dozen attendants, draped in ghostly white, crept silently in single file into the room adjoining his and with the door open sat down where he could see them at a hearty meal. "Here, who are these people?" inquired the patient. "Dead men," answered the doctor. "What?" said the other. "Do dead men eat?" "To be sure they do, as you see for yourself," was the answer. "Well," said the corpse, "if that is so I'll join them, for I'm starving." The spell was broken, and he sat down and ate like forty famished men.

**Boiling Points of Metals.**  
A recent investigation gives the following as the boiling points for certain well known metals: Aluminium, 1,800 degrees C.; copper, 2,310 degrees C.; iron, 2,430 degrees C.; lead, 1,525 degrees C.; silver, 1,955 degrees C.; tin, 1,270 degrees C.

Ungallant.  
"What do they mean by a court of  
last resort, pa?"  
"Courtin' an old maid."—Judge.

Lovers' Presents in Spain.  
Spanish lovers present their fiancées  
with fans on which they have written  
the most impassioned poetry, embroidered  
garters with love mottoes woven  
in silk and innumerable boxes of  
sweets. Engagement rings are not  
given, the bride elect receiving instead  
a gold medal, which she wears sus-  
pended from a chain around her neck.

Taking a Chance.  
"Is that picture one of the old mas-  
ters you were telling me about?" asked  
Mr. Cumrox.  
"Yes," replied the art dealer. "It is  
a genuine treasure—absolutely authen-  
tic."  
"I'll buy it. I already have three just  
like it, and somewhere in the bunch  
I'm liable to hit the original."—Wash-  
ington Star.

The Most Accurate Frontier.  
As an instance of the jealousy exist-  
ing in the relations between Norway  
and Sweden it may be noted that the  
boundary line between the two coun-  
tries is the most minutely exact in Eu-  
rope. In every parish touched by the  
line there is deposited an elaborate plan  
which is renewed every ten years, the  
whole of the work of surveying, etc.,  
being carefully repeated each time.

Frail Human Nature.  
The judge was in a rage. "I hear,"  
he thundered, "that bets have been  
made on the result of this case. I  
won't have such a state of things. All  
gambling must be stopped within the  
jurisdiction of this court."  
"Bet you a fiver it can't be done!"  
said the counsel for the defense.  
"Put up your money," said the judge  
reaching for his purse.—Pearson's.

At Her Word.  
"Why do you not come to me for  
advice any more?" said the medium to  
her former regular customer.  
"Well," said he, "the last time I was  
there you told me that if I wished to  
have enough to get married on I must  
stop spending money foolishly, and I  
took you at your word."—New York  
Press.

One Family of 20,000,000.  
The rapidity with which rats multi-  
ply is the main reason why many ap-  
pear to make so little headway in  
their destruction. It is calculated that  
a single pair of rats and their progeny,  
breeding without interruption and suf-  
fering no losses, would in three years  
increase to more than 20,000,000.—  
Baker's Weekly.

Realistic.  
Mrs. Brush—Did you see my hus-  
band's painting, "The Country Road,"  
at the exhibition?  
Mrs. Painter—No, I did not. Was it  
good?  
"Why, it was so natural they had  
to oil the road every day to keep the  
dust from going on everything."—You  
kers Statesman.

Landlord and Tenants.  
Visitor (at poorhouse)—Where did  
that fine looking pauper come from?  
Superintendent—The city. He owns  
the St. Fashion flats.  
"My goodness! Why is he here?"  
"He charges such high rents that  
they have been empty since the second  
year."  
"Hum! He seems to be on familiar  
footing with a good many of the other  
paupers."  
"Yes; they are the people who were  
his tenants the first year."—Buffalo  
News.

Napoleon Before the Convention.  
When Barras introduced Napoleon to  
the convention as a fit man to be in-  
trusted with the command the presi-  
dent asked:  
"Are you willing to undertake the  
defense of the convention?"  
"Yes," was the reply.  
After a time the president continued:  
"Are you aware of the magnitude of  
the undertaking?"  
"Perfectly," replied Napoleon, fixing  
his eyes upon his questioner, "and I  
am in the habit of accomplishing that  
which I undertake."

LIGHTEN YOUR CARES.  
Quick is the succession of human  
events. The cares of today are sel-  
dom the cares of tomorrow, and  
when we lie down at night we may  
safely say to most of our troubles,  
"Ye have done your worst, and we  
shall meet no more."—Cowper.

Incongruous.  
A clerical correspondent of one of  
the London church papers relates that  
a certain prelate had great difficulty in  
suppressing his laughter at the conse-  
cration of a church the other day ow-  
ing to the device on one of the school  
banners which were carried in the  
procession before the service. This ban-  
ner was adorned with a very fierce  
looking lion, with terrible claws and  
teeth, while underneath him was the  
legend, "Suffer little children to come  
unto me."

The Ashlock Hydro Carbon Bur-  
ner now ready to install in any  
house or boat, the greatest fuel  
saver ever invented.—St. Michael
